Proyecto de Educación Ambiental: CAMBIO CLIMÁTICO

READY FOR STAGE 1 DOCTOR SCENARIO YEAR 2100.

AT FIRST SIGHT, IT'S OBVIOUS THAT COMPANIES HAVE MANAGED TO ADAPT THEMSELVES TO CLEAN ENERGIES.

WIND, SOLAR ENERGY...

CTV PALMIRA PEREZ AND MARCIAL CUDEIRO CLIMANTICA I MISSION

CTV PALMIRA PEREZ AND MARCIAL CUDEIRO CLIMANTICA I MISSION

...THEREFORE, FOSSIL FUEL CONSUMPTION IS REDUCED.

SUCH AS COAL, OIL, GAS...

EXACTLY, MARCIAL.

PALMIRA, IS THERE ANY EVIDENCE TO PROVE HOW CITIZENS WERE ABLE TO ADOPT ENVIRONMENTALLY-FRIENDLY PRACTICES?

OF COURSE DOCTOR, MARCIAL COULD YOU PLEASE SHOW US THE DATA PROCESSED BY THE CENTRAL COMPUTER?

THE...

THE GREEN BUTTTON.

SURE! THE GREEN ONE!

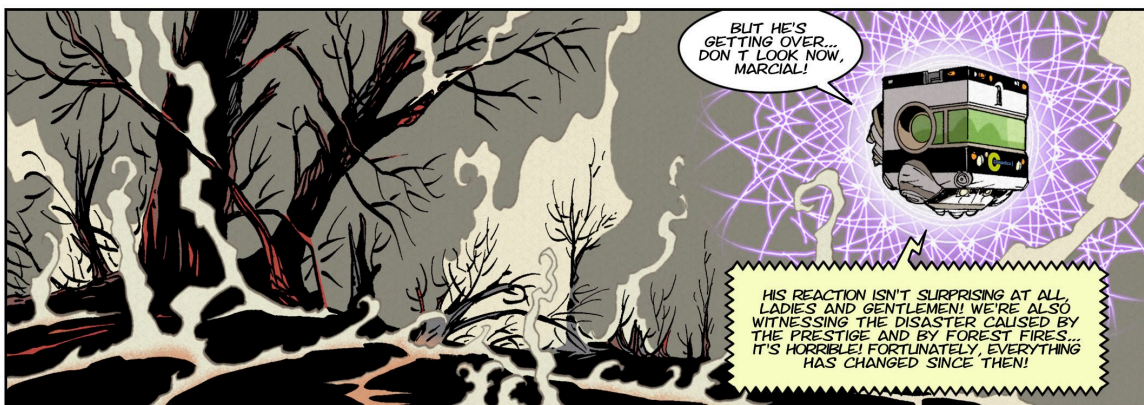

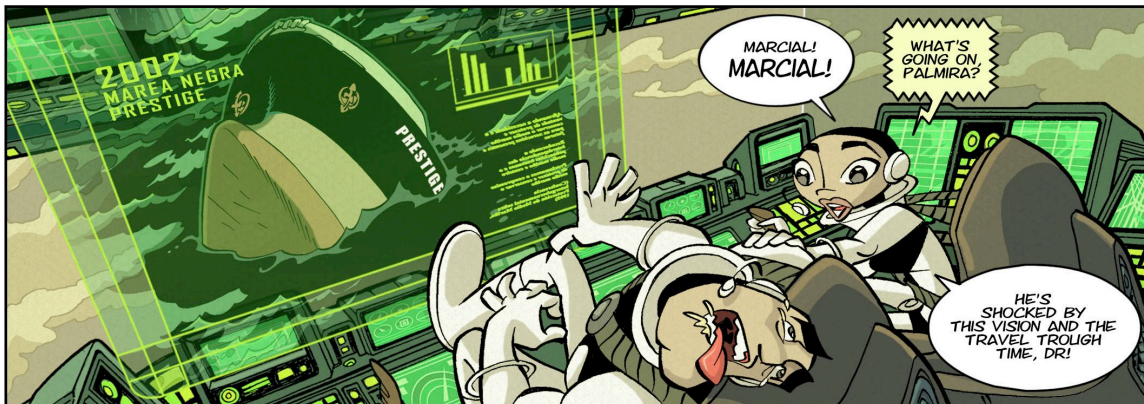

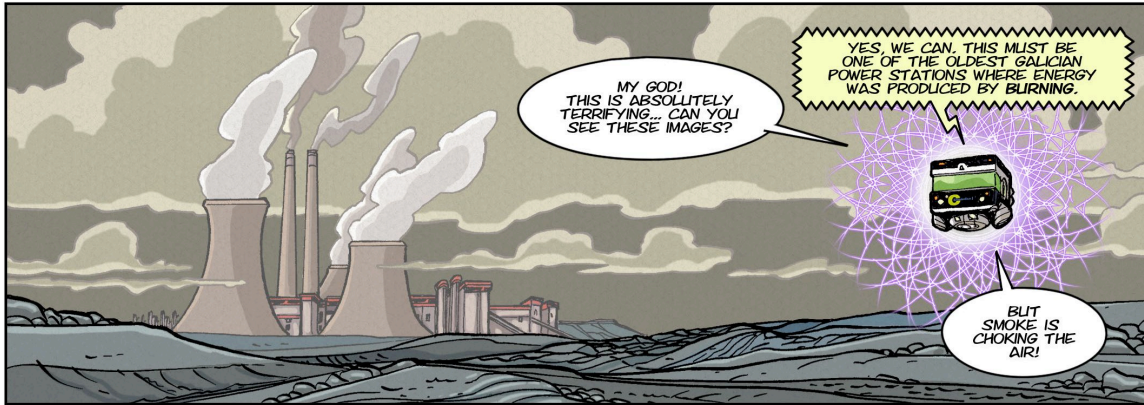

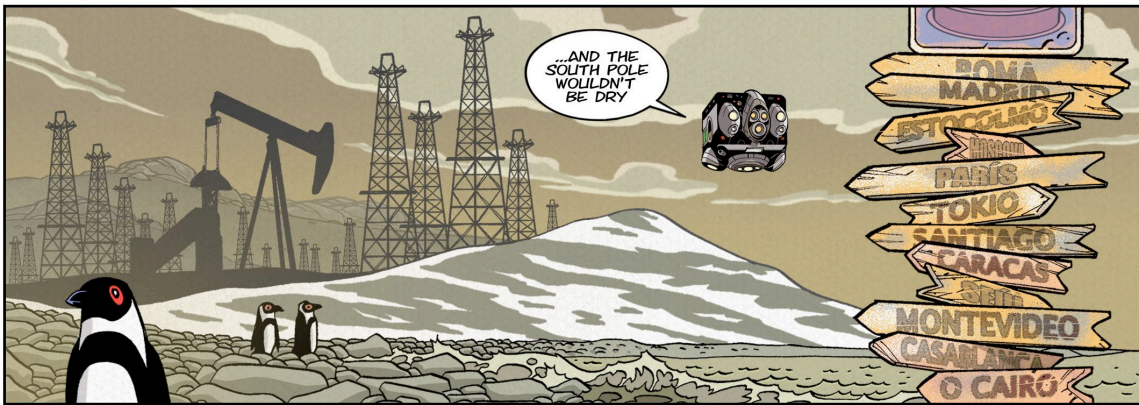

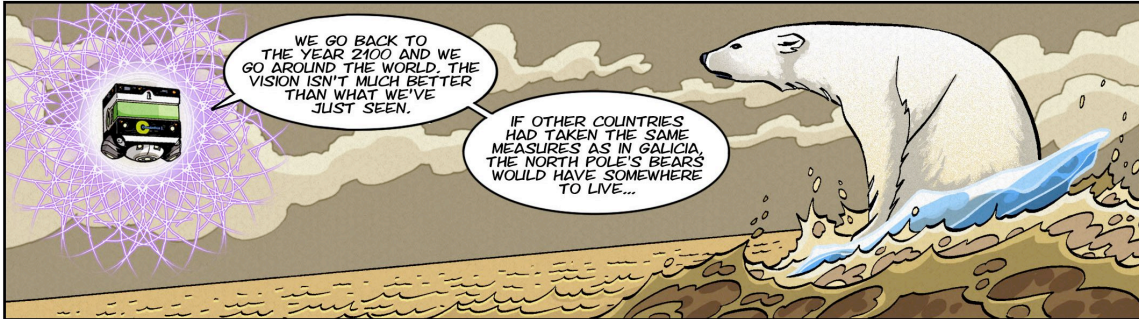

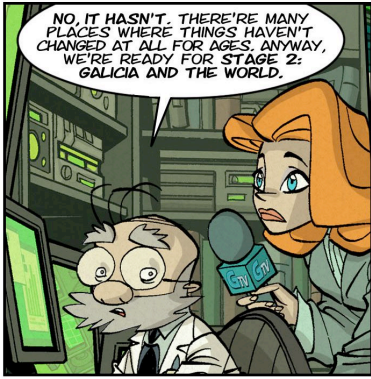

A MORE INTELLIGENT USE OF WATER AND ENERGY RESOURCES BY MEANS OF CLEAN ENERGIES SUCH AS WIND, SOLAR OR TIDAL POWER...

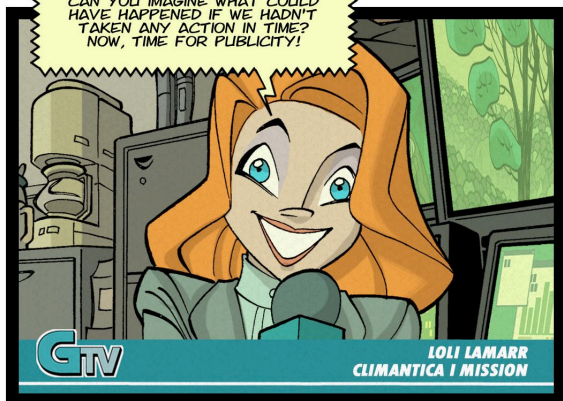

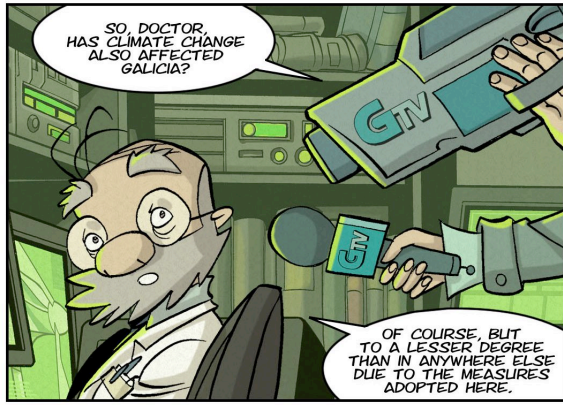

IMPLEMENTING WASTE RECYCLING AND REDUCTION POLICIES...

REGENERATING NATIVE FORESTS AND EXTINGUISHING COMPLETELY FOREST FIRES...

BUT IT DIDN'T OCCUR ALWAYS LIKE THAT, DID IT?

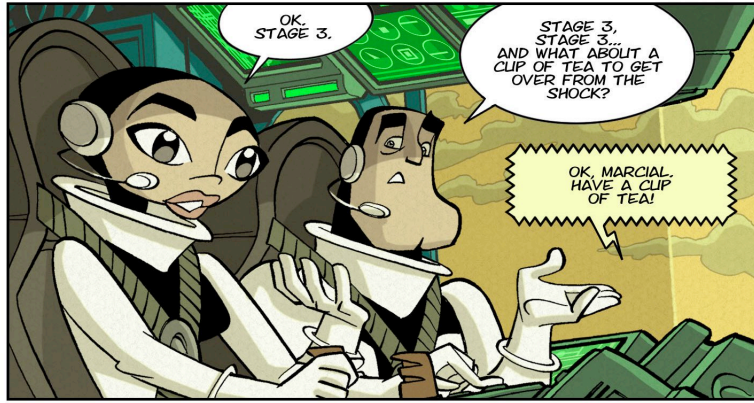

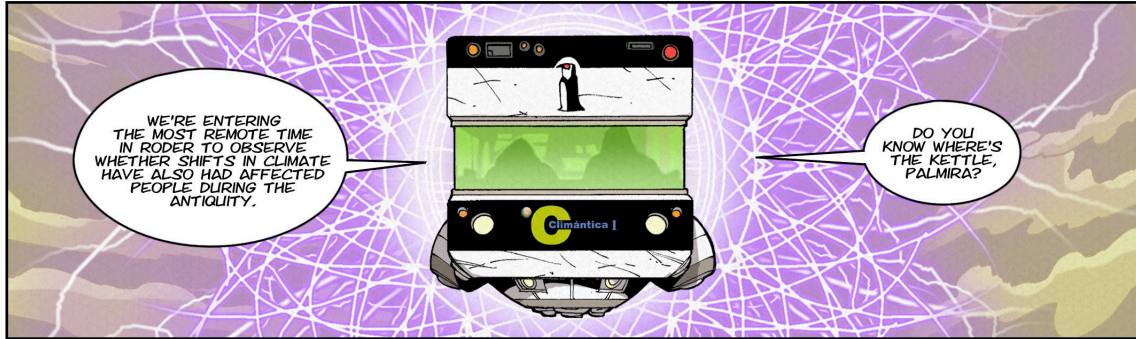

OK, NOW WE'RE READY FOR STAGE 3: CLIMATE CHANGE AT ANCIENT TIMES.

OK, STAGE 3.

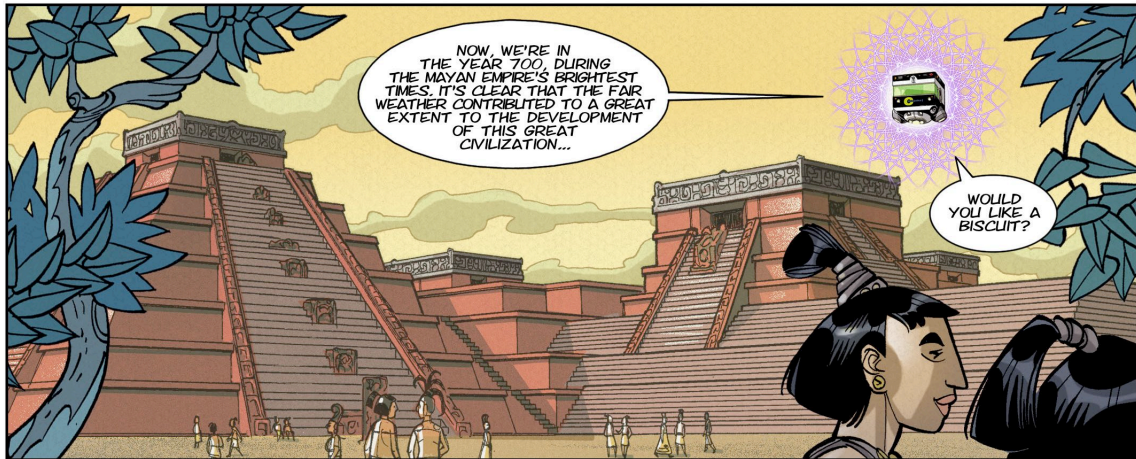

STAGE 3, STAGE 3... AND WHAT ABOUT A CLIP OF TEA TO GET OVER THE SHOCK?

OK, MARCIAL, HAVE A CLIP OF TEA!

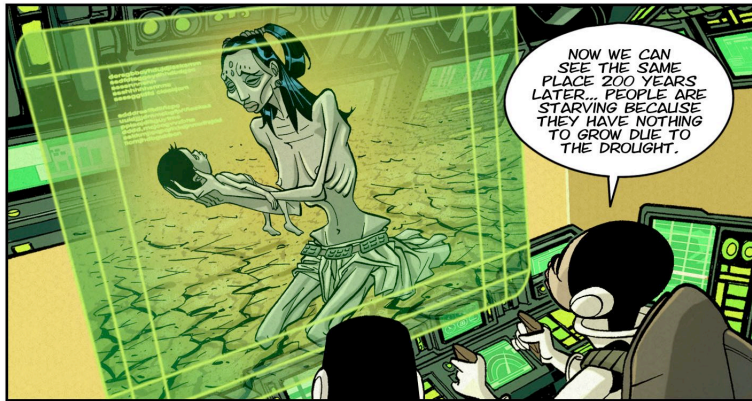

WE'RE ENTERING THE MOST REMOTE TIME IN ORDER TO OBSERVE WHETHER SHIFTS IN CLIMATE HAVE ALSO HAD AFFECTED PEOPLE DURING THE ANTIQUITY.

DO YOU KNOW WHERE'S THE KETTLE, PALMIRA?

NOW WE'RE IN THE YEAR 700, DURING THE MAYAN EMPIRE'S BRIGHTEST TIMES. IT'S CLEAR THAT THE FAIR WEATHER CONTRIBUTED TO A GREAT EXTENT TO THE DEVELOPMENT OF THIS GREAT CIVILIZATION...

WOULD YOU LIKE A BISCUIT?

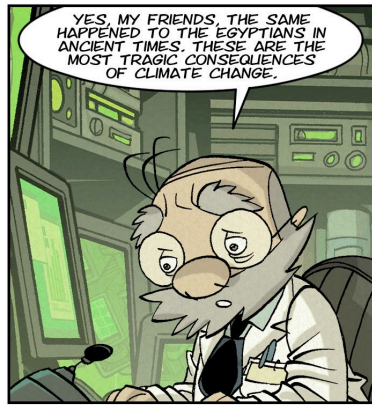

NOW WE CAN SEE THE SAME PLACE 200 YEARS LATER. PEOPLE ARE STARVING BECAUSE THEY HAVE NOTHING TO GROW DUE TO THE DROUGHT.

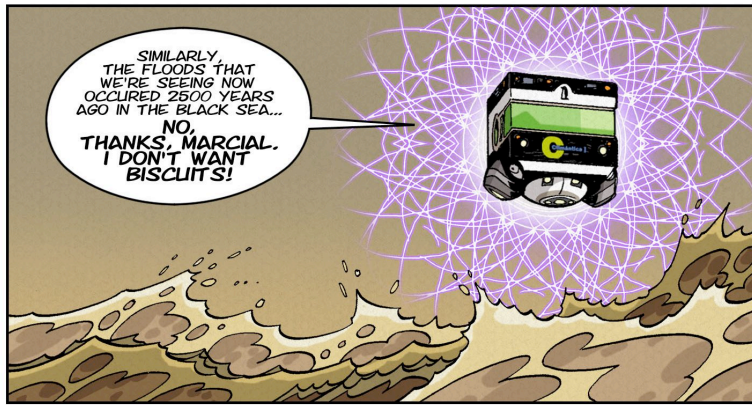

YES, CLIMANTICA. UNFORTUNATELY, THEY EVEN ATE THE OTHERS.

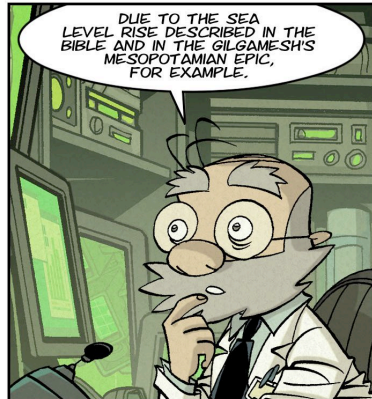

AROLLIAGGGHHH!!

YES, MY FRIENDS, THE SAME HAPPENED TO THE EGYPTIANS IN ANCIENT TIMES. THESE ARE THE MOST TRAGIC CONSEQUENCES OF CLIMATE CHANGE.

SIMILARLY THE FLOODS THAT WE'RE SEEING NOW OCCURED 2500 YEARS AGO IN THE BLACK SEA...
NO, THANKS, MARCIAL. I DON'T WANT BISCUITS!

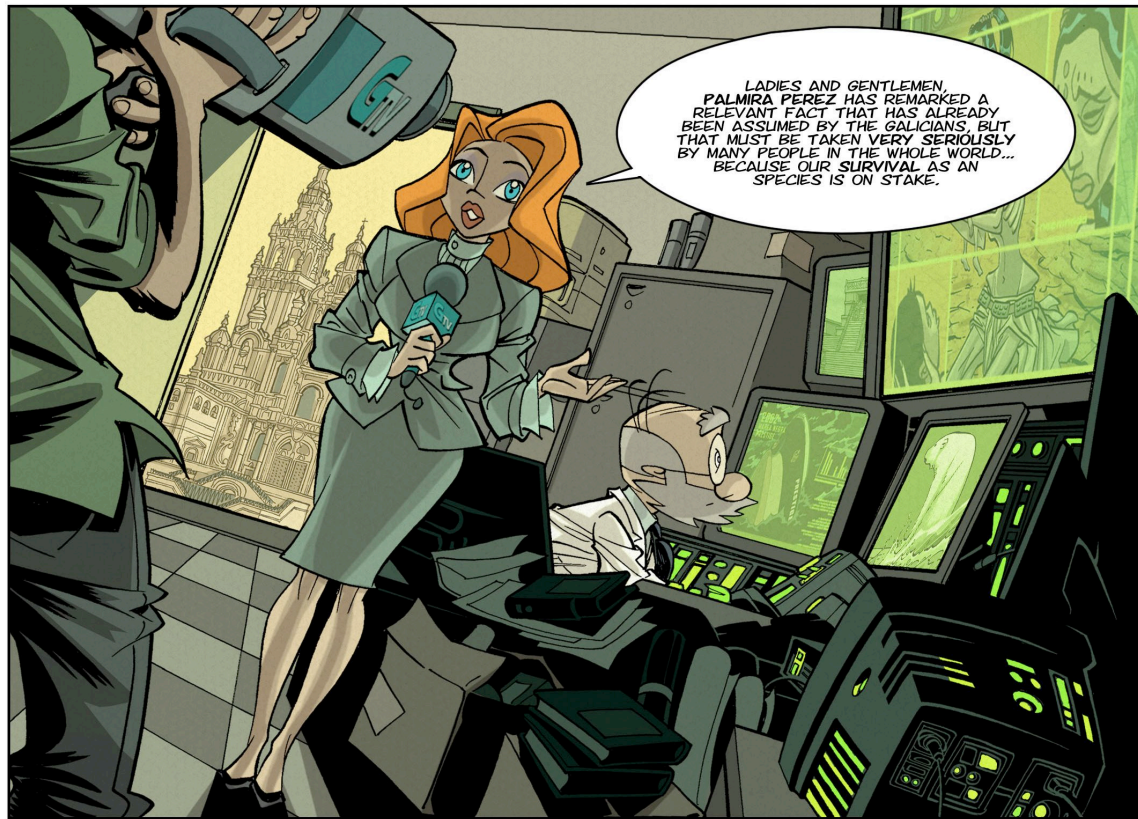

DUE TO THE SEA LEVEL RISE DESCRIBED IN THE BIBLE AND IN THE GILGAMESH'S MESOPOTAMIAN EPIC, FOR EXAMPLE.

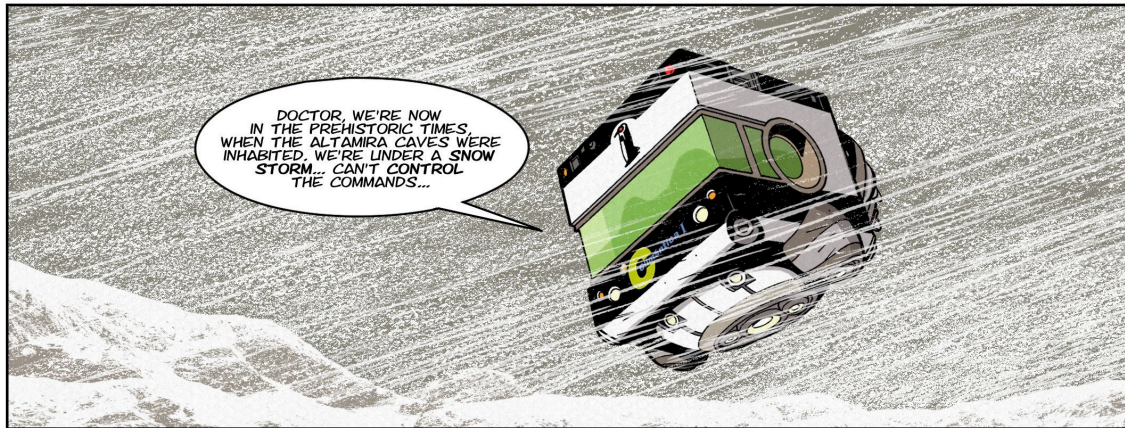

THIS MAKES EVIDENT THE CLIMATE CHANGE'S IMPACT ON PEOPLE AND HOW RELEVANT THESE EVENTS HAVE BEEN OVER THE HISTORY.

YOU ARE RIGHT!

LADIES AND GENTLEMEN, PALMIRA PEREZ HAS REMARKED A RELEVANT FACT THAT HAS ALREADY BEEN ASSUMED BY THE GALICIANS, BUT THAT MUST BE TAKEN VERY SERIOUSLY BY MANY PEOPLE IN THE WHOLE WORLD... BECAUSE OUR SURVIVAL AS AN SPECIES IS ON STAKE.

DOCTOR, WE'RE NOW IN THE PREHISTORIC TIMES. WHEN THE ALTAMIRA CAVES WERE INHABITED, WE'RE UNDER A SNOW STORM... CAN'T CONTROL THE COMMANDS...

YOU'RE GOING THROUGH AN ICE AGE! COME BACK IMMEDIATELY, PALMIRA.

RETOCHO CALLING CLIMANTICA 1... CAN YOU HEAR ME?

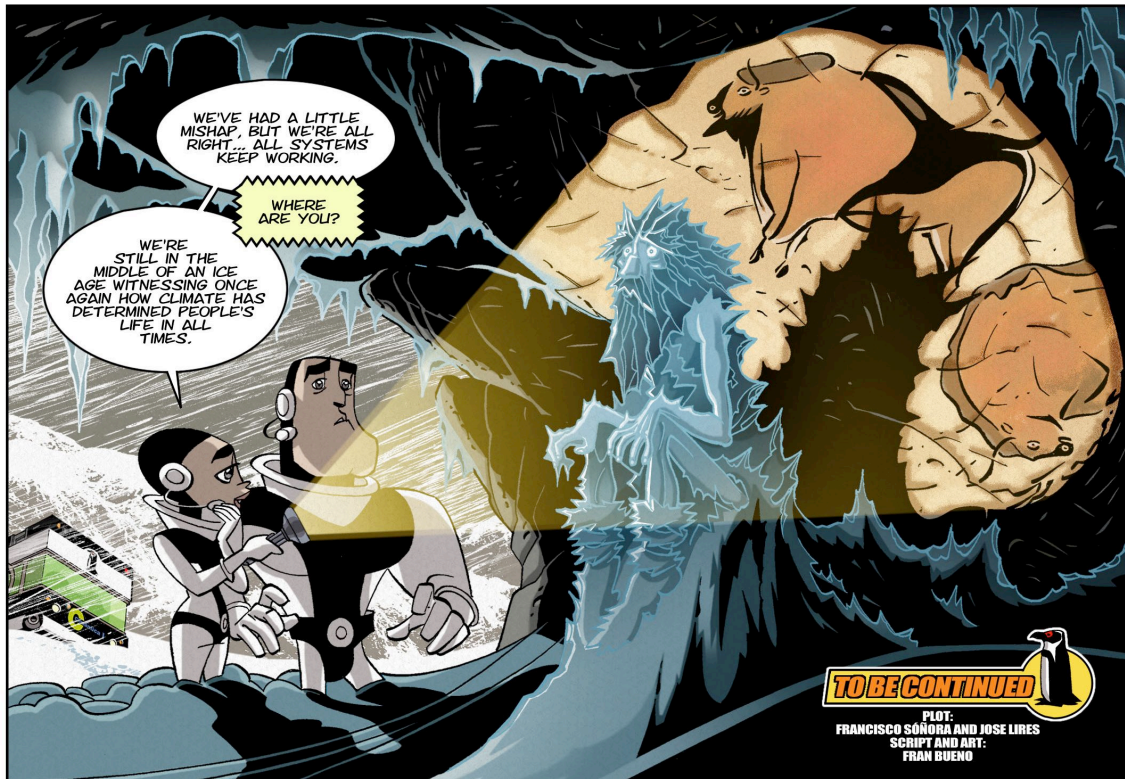

...CLIMANTICA?

OLH...-SIGNAL DOCT---CRACK! CAN YOU HEAR ME, DOCTOR?

YES! CLEARLY, PALMIRA!

WE'VE HAD A LITTLE MISHAP, BUT WE'RE ALL RIGHT... ALL SYSTEMS KEEP WORKING.

WHERE ARE YOU?

WE'RE STILL IN THE MIDDLE OF AN ICE AGE WITNESSING ONCE AGAIN HOW CLIMATE HAS DETERMINED PEOPLE'S LIFE IN ALL TIMES.

TO BE CONTINUED
